PROFILE

Finance and accounting professional with internship experience supporting audits, compliance tracking, process documentation and close activities. Brings a detail-minded approach, hands-on systems exposure and an academic background in chemistry.

EXPERIENCE

Finance & Accounting Intern

COREWEAVE | JUN-NOV 2026

- Supported UK audit sampling, evidence gathering and auditor queries; review feedback noted clear traceability from samples to supporting evidence.
- Contributed to compliance deadline tracking and finance process documentation, including work to clarify ownership across close activities.
- Worked alongside finance colleagues during month-end and quarter-end close activities; developed exposure to NetSuite, FloQast and SOX-informed processes.

Junior Medicinal Chemistry Scientist

EUROFINS DRUG DISCOVERY | SEP 2023-2024

- Synthesised target compound variations for drug discovery research and carried out multi-step purification.
- Used HPLC, LC-MS, NMR and IR techniques for purification and analytical characterisation.

Cadet Warrant Officer

RAF AIR CADETS | 2015-2021

Led a group of 75 cadets, supporting training schedules, discipline and squadron operations.

EDUCATION

BSc (Hons) Chemistry - 2:1

NOTTINGHAM TRENT UNIVERSITY | 2024-2026

Final-year dissertation: The Synthesis of 1,6-Enones for Carbonyl Olefin Metathesis.

Chemistry Undergraduate Certificate

UNIVERSITY OF NOTTINGHAM | 2021-2024

Included a year in industry at Eurofins Drug Discovery; study included medicinal, sustainable and analytical chemistry.

SKILLS

Finance: audit support, evidence management, compliance tracking, reconciliations, process mapping, close support
Systems: NetSuite, FloQast, Excel and spreadsheets
Laboratory: HPLC, LC-MS, NMR, IR spectroscopy
Professional: attention to detail, initiative, collaboration, clear communication, organised delivery
